I AM NOW in the presence of pure Being, and immersed in the Holy Spirit of life, love and wisdom.

I acknowledge Thy presence and Thy power, O blessed Spirit; in thy divine wisdom I now erase my mortal limitations and from Thy pure substance of love bring into manifestation my world, according to Thy perfect law.

Charles Fillmore

Metaphysics

Metaphysics is the branch of philosophy that is concerned with the fundamental nature of reality and being. In its broadest sense, the study of metaphysics explores areas that are considered to be above and beyond the physical sciences.

Metaphysics

- *“The systematic study of the science of Being; that which transcends the physical. By pure metaphysics is meant a clear understanding of the realm of ideas and their legitimate expression.”*

RW/132

- Unity metaphysics is based on the recognition of divine ideas as the fundamental, eternal truth that underlies and transcends all physical manifestation.
- Divine ideas are the spiritual patterns that pertain to all of us. They are the components known to our mind that constitute what we call Good.

IN SUMMARY

- Metaphysics is the study of the ultimate reality that underlies and transcends the physical realm. In Unity, we refer to this reality as *Divine Ideas*.

IN REFLECTION

God's world is the real world.

In God's world life is eternal.

In God's world good is unending.

*I live in God's world of eternal life and
endless good.*

CHAOS OUT OF THE DARKNESS

We can handle chaotic circumstances in our lives constructively by understanding and applying the principles of the Creative Process..

Genesis 1:1-3

- “First this: God created the Heavens and Earth--all you see, all you don’t see. Earth was a soup of nothingness, a bottomless emptiness, an inky blackness. God’s spirit brooded like a bird above the watery abyss.”

The Message Translation

Metaphysical Interpretation

- In the first chapter of Genesis it is the great creative Mind that is at work. The record portrays just how divine ideas were brought into expression. As man must have an idea before he can bring an idea into manifestation, so it is with the creations of God... The 1st chapter of Genesis describes the ideal creation.

Mysteries of Genesis, CF 13

Metaphysical Interpretation

- God is a mind force carrying forward creation under mental law. That law may be known to anyone who will follow the example of Jesus. We are the image and likeness of this great creative Mind, and being in a certain aspect of our mind just like it, we can through mental adjustment attain the same conscious unity that Jesus did.

Mysteries of Genesis, CF 14

Metaphysical Interpretation

- “...the failure to understand that settles upon the soul in times of great trial.”

[Darkness]

MBD 165

Metaphysical Interpretation

- “Every man forms his own world; its character depends upon the character of his word.”

MBD 158

Practical Application

- “The inharmonies in the world can be eliminated by eliminating them from man’s mind. This can be done by understanding that God’s creation is all that there is and knowing it to be good. In this way the divine ideals are established in mind, and by the law of mind action they are expressed, thus bringing into manifestation the perfection that ever exists in the idea.”

*“For it is the God who said,
‘Let light shine out of
darkness,’ who has shone in
our hearts”
2 Corinthians 4:6*

- “God always has a blessing for us in every experience, no matter how trying, and we must not let go...until we receive it... Our challenge is to hold on until the breaking of day.”

LIGHT

By understanding the value of light in the Creative Process, we learn to use divine light to improve our everyday lives.

Genesis 1:3-5

- “God spoke: “Light!”
And light appeared.
God saw that light was good
And separated light from dark.
God named the light Day,
he named the dark Night.
It was evening, it was morning--
Day One.”

The Message Translation

Metaphysical Interpretation

- The first step in creation is the awakening of man to spiritual consciousness, the dawning of light in his mind, his perception of Truth through the quickening of his spirit. Light is wisdom; and the first day's work is the calling of light or wisdom into expression. Light represents intelligence, and darkness represents undeveloped capacity. Symbolically these are 'day' and 'night'.
Mysteries of Genesis, CF 14

Metaphysical Interpretation

- *“...the Holy Spirit within us is decreeing light. Whenever we open the Bible we should affirm, ‘Let there be light,’ and close it with the grateful acknowledgment, ‘and there was light.’”*

Let There Be Light, Elizabeth Sand Turner
5.

- “The dawn from on high will break upon us, to give light to those who sit in darkness.”

Luke 1:78-79

Practical Application

- “ ‘Light is intelligence, a spiritual quality. It corresponds to understanding and should precede all activity. At the beginning of any of our creating we should declare for light. Our declarations of Truth are instantly fulfilled in Spirit.’ ”

Mysteries of Genesis, CF 16

- “No one after lighting a lamp puts it under the bushel basket, but on the lamp stand... In the same way, let your light shine before others.”

Luke 1:78-79

- “When the mind is lifted up in meditation and prayer the whole body glows with spiritual light.”
